Dear Mrs. Palme,

Please allow me to express my deepest sorrow over the death of your husband. For years I looked up to him as one of the best politicians in the entire world. I'm shocked to my core.

During the 1960's I was a U.S. foreign service officer in the State Department. During that time I found out the CIA had murdered President Kennedy and many other political leaders in the U.S. and outside the U.S.

became president of the Minnesota Acti. Council for Political Assassinations Disclosure. I've given many speeches on assassinations and I'm writing a book about them.

I know the CIA was responsible to the shootings of the Pope and Aldo Moro. I'm 99% certain the CIA was behind the shooting of your husband. If I can help in any way, please ask. I'm so upset about Mr. Palme's death. We must stop these killings.

I'd appreciate a confirmation that you've received this letter. I'm concerned it may be blocked from reaching you.
